Pay just 85% now – that's the Keepmoat way!*

How does the scheme work?

Of the purchase price you pay now, a 5% deposit is required and mortgage finance is arranged on the other 80%. A minimum 24 month unemployment cover policy must be taken out. The remaining 15% becomes a second loan from Keepmoat Homes secured on the property, interest free for 5 years, then upon the fifth year interest is payable at 3%. The payment is calculated in the first repayment year as 3% of the loan capital divided by 12. For example: If the loan is £20,000, then the monthly repayments from the 5th anniversary to the 6th anniversary will be 3% of £20,000 (£600) divided by 12 = £50 per month. This standard rate of interest will increase each year thereafter by the Retail Prices Index plus 1% of the previous interest rate.

When do I have to repay the 15% balance?

The 15% is repayable when you sell or transfer your home, or within 10 years, whichever is sooner.

Can I repay the 15% early without selling?

Yes, you can either repay in part or in full at any time, subject to valuation.

How is the market value of the property determined?

The average of 2 independent valuations will be taken at the point of resale, transfer, early repayment or at the end of the 10 year period.

Discover the Keepmoat way

Subject to status and availability on selected plots only and the use of Keepmoat Homes' nominated solicitor and financial advisor – please ask your Home Sales Executive for details. The prices stipulated do not allow for further incentives. Images shown are for illustrative purposes only. *The deferred 15% is payable within 10 years of your purchase, subject to valuation.

YOUR HOME MAY BE REPOSSESSED IF YOU DO NOT KEEP UP THE REPAYMENTS OF YOUR MORTGAGE.

Typical Example: Purchase property @ £150,000, 85% is payable at the time of purchase including 5% deposit required of £7,500. If the property is sold or transferred for £160,000 the 15% (£24,000) is payable to Keepmoat Homes. If the property is sold or transferred for £140,000, then the 15% (£21,000) is payable to Keepmoat Homes.

Can I buy a property to rent out?

Sorry – the Keepmoat Homes scheme is only available for those buying a home to live in.

If I improve my property do I have to pass 15% of the increased balance on to Keepmoat Homes?

No – the market value at the end of the period is less any improvements.

What if the market value of my property decreases?

The repayment is 15% of the market value at the point of resale, transfer, or the end of the 10 year period, even if this is less than the original purchase price.

What happens if I cannot repay the 15% after 10 years?

Each individual set of circumstances will be reviewed and the loan period may be extended for up to a maximum of 5 years. In the case of non-repayment of the loan capital by the Repayment Date, interest will be added at a rate of 4% above the HSBC Base Rate, and this is now called the Default Interest Rate.

How do I apply?

Speak to your Keepmoat Home Sales Executive who will refer you to our Keepmoat Homes mortgage advisor. If you decide to proceed with a loan, you will be asked to use a solicitor recommended by Keepmoat Homes.
